THE FUN LASTS LONGER WHEN SAFETY IS IN THE DRIVER'S SEAT

When you're the driver of a personal watercraft, you need to take the safety of your passengers personally.

As the "captain," you are not only responsible for adhering to the safety rules respecting personal watercraft use, but also for ensuring your passengers are wearing the appropriate protective equipment and riding gear.

First of all, you and your passengers are required to wear an approved personal flotation device (PFD) certified for use with a personal watercraft.

Also, a wetsuit and/or neoprene bottoms will provide adequate protection to the lower part of the body. You can suffer severe internal injuries if water is forced into a lower body cavity as a result of falling in the water or being near the jet thrust nozzle. Remember that normal swimwear cannot appropriately protect against forceful water entry.

Finally, extra protective equipment such as footwear, gloves and goggles is also recommended.

You can find all of these items at an authorized Sea-Doo dealer or online at store.sea-doo.com.

Products in this catalog will be available for purchase at your authorized Sea-Doo dealer and online at store.sea-doo.com starting January 2016. For advertising purposes, some scenes depicted in this catalog include professional riders and operators executing under ideal and/or controlled conditions. Do not attempt any of these or any other risky maneuvers if they're beyond your level of riding ability, as well as your understanding and respect for the performance of your Sea-Doo watercraft. **RIDE SMART FROM THE START.** Always ride responsibly and safely. Follow all instructional and safety materials, BRP recommends a minimum operator age of 16 years old for riding a watercraft. Always wear appropriate protective clothing for your type of boating use, including a Coast Guard approved personal flotation device. Always remember that riding and alcohol/drugs don't mix. Operate your watercraft keeping a safe distance between yourself and others. Always observe applicable local laws and regulations. Because of its ongoing commitment to product quality and innovation, Bombardier Recreational Products Inc. (BRP) reserves the right, at any time, to discontinue or change specifications, prices, designs, features, models or equipment without incurring any obligations. Some models depicted herein may include optional equipment. Prices are based on Manufacturer Suggested Retail Prices. Dealers may sell for a different price. For Canada & US, taxes are not included. Live THE JOURNEY

SEA-DOO MAKES GOOD DAYS ON THE WATER GREAT DAYS.

Your Sea-Doo watercraft is the vehicle for taking you to new places not only physically but emotionally. You can visit places you've always dreamed of seeing and you can do it on your own terms. Oftentimes, the best memories are those that are unplanned. Being prepared for anything on the water can only make living the Sea-Doo life even more unforgettable.

We all picture bright, sunny skies when riding a Sea-Doo watercraft, yet you shouldn't have to schedule your fun around Mother Nature. Your Sea-Doo watercraft is versatile, capable of almost anything you can imagine and your gear collection should be just as versatile. No matter where you ride, when you ride, how you ride, and whom you ride with, do it your way, with your own style, and do it in maximum comfort.

Welcome to the 2016 Sea-Doo riding season, which starts now. Be the first on the water this spring with the right full coverage gear to be comfortable, taking the chill out of the air. Dress for the heat of mid summer with a mix of lighter gear and purpose built accessories. Extend your summer deep into fall with cool weather gear. Don't wait for the perfect day to have a perfect day.

You are the centerpiece of the Sea-Doo life as BRP takes a rider focused approach to your on-water experience. That is why BRP provides a host of Sea-Doo accessories that complement and enhance the experience. There is a Sea-Doo watercraft model for every type of rider, and a collection of riding gear and accessories to match it, no matter what Mother Nature decides to do that day. BRP's Sea-Doo Riding Gear, Parts, Accessories, and XPS maintenance products ensure your Sea-Doo life is as full and fun as possible, everyday of the year.

SEA-DOO ISN'T ONLY A BRAND, *it's a lifestyle.*

SUPER-DUTY NYLON PFDs

Built to last and made to wow.
Enjoy light and versatile
comfort, safety, and style.

MOTION PFD TECHNICAL FEATURES

- Super-duty nylon outer shell.
- Polyethylene foam inserts.
- 1 4 woven straps with quick-release buckles (3 buckles on Canadian ladies' PFD).
- 2 Armholes cut large for riding comfort.
- 3 Segmented foam at back bottom for increased comfort while seated (on men's PFD only).
- 4 D-ring for lanyard connection.
- 5 D-ring at back neck for goggle-to-PFD attachment cord.

ULTRA-DURABLE NEOPRENE PFDs

Form-fitting flexibility
and performance that moves
with you and for you.

FREEDOM PFD TECHNICAL FEATURES

- Enhanced comfortable fit.
- Ultra-durable neoprene outer shell.
- Soft, beveled PVC and polyethylene foam inserts.

- ① Segmentations at front and back for better comfort and ease of movement.
- ② Side panels in stretch lining fabric for improved comfort.
- ③ 2 woven straps hidden at back with quick-release buckles.

- ④ Lumbar comfort zone inside the PFD.
- ⑤ Strategically-placed mesh drain panels.
- ⑥ Armholes cut large for riding comfort.

- ⑦ Heavy-duty front zipper.
- ⑧ D-ring for lanyard connection.
- ⑨ D-ring at back neck for goggle-to-PFD attachment cord.

LUMBAR COMFORT ZONE

④ Extra foam padding to minimize the pressure on your lower back while bolstering support.

✓ The Freedom PFD's flexible neoprene construction makes it ideal for both riding your watercraft and doing tow sports.

MESH DRAIN

⑤ Mesh panels drain away excess water for quick drying and thermal regulated comfort.

AIRFLOW-PLUS ECOPRENE PFDs

Ride the next wave with
comfort, agility and
great-looking sustainability.

AIRFLOW PFD TECHNICAL FEATURES

- Ecoprene outer shell and lining.
- Enhanced comfortable fit.
- Eco-friendly.

- Softer, lighter, more durable vest interior constructed of 100% PVC-free Biofoam.
- Made of GAIA foam that is lighter than conventional PVC foam, wet or dry, and the ecoprene shell is faster drying than neoprene.

- 1 Side panels in stretch lining fabric for improved comfort.
- 2 Armholes cut large for riding comfort.
- 3 2 woven straps with quick-release buckles.

- 4 Heavy-duty front zipper.
- 5 Interior EVA molding that keeps the PFD surface away from the skin.
- 6 Lumbar comfort zone inside the PFD.

- 7 Strategically-placed mesh drain panels.
- 8 D-ring for lanyard connection.
- 9 D-ring at back neck for goggle-to-PFD attachment cord.

NEOPRENE

A personal, “athletic” PFD just for you, that matches your active riding style, can handle rugged daily — and all-day — use and adds warmth when needed. Snug fitting to intuitively shadow your body’s movements, and roomy where it counts not to hinder your mobility, your PFD will allow you to express yourself on the water.

ECOPRENE

The ultimate PFD that blends the functional attributes of nylon and performance features of neoprene, and also makes you feel environmentally green when surrounded by blue. PVC-free and sustainable. Your PFD will feel light even when wet and maximize air flow, because the more comfortable you are, the better and longer you will ride.

ALL THE ADVANTAGES OF NEOPRENE PLUS

Fitted

Warm against the skin

Increased level of comfort

Ease of movement

Dries as quick as nylon

Low water absorption

Added ventilation

30% lighter than neoprene when wet

RIDING SUIT

A versatile riding suit that suits you on and off the water. For those times when anything less isn't quite enough.

Don't let the wind or the cold disturb you and your perfect day on the water. Stay warm and functional whatever the weather with these new Element Riding Jacket and Pants.

ELEMENT JACKET AND PANTS TECHNICAL FEATURES

- Windproof light jacket and pants perfect for chilly days.
- Looks cool while riding or when going to a restaurant.
- Laminated membrane offers water resistance and breathability.
- Teflon® water-repellent treatment.

- Brushed-knit polyester thermal fleece that offers additional warmth.
- Stretch fabric for ease of movement.
- 100% polyester.
- Jacket and pants are sold separately.

ELEMENT JACKET

- Fit to be worn under the PFD.
- Slim fit to keep snug against the wind and keep warmth inside.
- 1 2 exterior pockets.
- 2 1 interior pocket.
- 3 Soft mesh inside for additional comfort.
- 4 Hook-and-loop tab at wrist for adjustment.
- 5 Water repellent treatment.

ELEMENT PANTS

- Relaxed fit to allow wearing boardshorts underneath.
- 6 Elastic waistband with adjustment buckle.
- 7 2 exterior zippered pockets.
- 8 Pre-shaped legs designed for multiple riding positions.
- 9 Side zipper leg at bottom to snug the ankle while riding, then simply open for a more casual look.
- 10 Ankle gaiter inside to prevent the wind from coming in and to keep warmth inside.

GEAR *stories*

If you are living the water breather lifestyle, dress the part. The right gear will ensure you comfort and style while being protected.

Fun session

Function is as crucial as having your own style. The Technical Boardshorts and Neoprene Shorts will give you both.

Day ride

Get down to the essentials of a Sea-Doo wetsuit to make the most of your day on the water.

Weekend cruise

Grand Touring while wearing the Element Riding Jacket and Pants means not having to plan your riding according to Mother Nature.

BEACHWEAR

Make every moment look
as good as you feel.

Wear your passion

SIZING CHART

Size up for the perfect ride.

BE SURE TO MEASURE YOURSELF TO FIND THE RIGHT SIZE.

HOW TO MEASURE

For best results, have someone else take measurements. Measure body in swimsuit or undergarments. Tape must be snug but not tight. If measurements fall between two sizes, order the larger size.

HEIGHT

Stand with back straight, without shoes; measure from the top of the head to the floor.

CHEST

Measure under your arms, around the fullest part of your chest.

WAIST

Measure around your natural waistline, keeping one finger between the tape and body.

HIPS

Stand with legs together, measure around the fullest part of your hips, ensuring the tape is level.

ARM LENGTH

Let your arm hang down on the side in a slightly bent position. Measure from the center of the back of your neck, along the length of your arm, to the wrist.

INSEAM

Without shoes, from crotch to the floor.

PFDs

#SPARK *some fun*

Every Spark article of riding gear, part or accessory originates from the same gene that triggers unbridled fun. It's the science of wow fused with the coolness of you to deliver the total watersport lifestyle.

SEA-DOO SPARK ACCESSORIES

The most customizable watercraft on the market lets your true colors shine, with fully integrated accessories that are all about personality – yours.

✓
The Tow Pro delivers the leverage and high-powered hull stability you need to turn your 90 hp Sea-Doo SPARK into a tow sport personal watercraft.

The higher tow point makes it easier for wakeboarders and skaters to jump and get air, while the spotter handle promotes better directional stability. Equipped for stowing your board when not in use, and with a special latch to hang the ski rope between rides.

TOW PRO

- Three accessories in one – a tow pylon, spotter handle and equipment rack.
- Add more fun to pulling wakeboarders, wakeskaters and tubers thanks to higher tow point.
- Give the spotter more confidence with ergonomic grab handles.
- Carry your board out to clear water.
- Even includes a strap for conveniently stowing your tow rope.

Sea-Doo SPARK 3up

295100605
\$339.99

SEA-DOO STEP

- Convenient step with knee-friendly surface for deep water boarding.
- Installs easily on the right side of a Sea-Doo SPARK watercraft and can hold up to 250 lb (113 kg).
- The Sea-Doo Step easily mounts on the transom and can be installed by any authorized Sea-Doo dealer in minutes.

Sea-Doo SPARK

295100642
\$94.99

The Sea-Doo Step makes it easy to reboard from deep water after taking a swim or following a wake session.

VARIABLE TRIM SYSTEM

- Activates and provides instantaneous VTS adjustment.
- Switch mounted on handlebar allows fine tuning of watercraft trim angle while riding.
- Simple plug-in connection.
- Includes switch, cap and hardware necessary for installation.

Sea-Doo SPARK with iBR[®]™

295100630
\$209.99

*Intelligent Brake and Reverse (iBR)

The Variable Trim System provides preset positions for quick settings when adjusting boat trim, while maximizing acceleration and high-speed stability. When you trim up, you'll have a drier ride, which helps when towing. When you trim down, you can ride more aggressively while staying glued to the water.

Ahead of the curve on the market in terms of innovative protection from dock damage, these Snap-in Fenders effortlessly lock in and out of the pre-molded holes on the bumper.

SNAP-IN FENDERS

- Protect your investment with easy to install and remove fenders designed specifically for Sea-Doo watercraft.
- Pre-molded holes front and rear on the Sea-Doo SPARK models ensure a solid mount in the optimal spot.
- The Snap-in Fenders float and the high visibility orange color keeps them in sight.
- Requires Snap-in Fenders Installation Kit (295100550) to install on models other than Sea-Doo SPARK.
- Sold in pairs.
- Patent pending.

CARGO NET

- With a 4L (1.05 US gallon) capacity, this cargo net keeps regularly used items in place.
- The mesh material allows water to drain out easily and air to circulate, perfect to stow your Snap-in Fenders, tow ropes or diving mask.
- An elastic cord allows you quick access, while keeping your items secured.

Sea-Doo SPARK
295100559
\$39.99

SEA-DOO SPEED TIE

SEA-DOO SPEED TIE

- Fully-integrated watercraft mooring system, providing the ultimate in convenient, quick and secure docking.
- Snap-out plates front and rear on Sea-Doo SPARK models allow easy installation and positioning of the Sea-Doo Speed Tie system.
- Stores 7' (2.1 m) of rope and locks to desired length.
- Sold in pairs.

Sea-Doo SPARK
295100496
\$199.99

The Sea-Doo Speed Tie makes docking easier than ever with seven feet of retractable dock lines at the helm and on the transom that effortlessly stow out of sight. The Speed Tie system is a must-have accessory that frees up storage space and ensures you have a dock line at all times.

Customize YOUR SEA-DOO WATERCRAFT WITH FULLY INTEGRATED ACCESSORIES

With a Sea-Doo watercraft model available for every type of ride and rider, the ability to customize your experience and fun has been perfected by BRP. Sea-Doo accessories are never an afterthought. All Sea-Doo accessories are developed at the same time as the product to ensure complete integration and to provide customization options to truly make the watercraft your own.

Sea-Doo watercrafts are world renowned for their innovation in providing the rider a better on-water experience as the BRP design and innovation teams are the masters behind the science of fun. Each accessory is developed to deliver absolute functionality and elements of personalization. Everybody's idea of the perfect Sea-Doo life is a little different, and mixing and matching authentic Sea-Doo accessories helps ensure you have the things that make your time more fun.

There is a range of Sea-Doo accessories to complement everybody's experience. The wake sports fanatic can add the Retractable Ski Pylon to select models while the SPARK owner can stand out with a custom Attitude Graphic Kit. The offshore rider can store his phone, keys or wallet in the Glove Box Organizer and ensure his watercraft is secure at the dock with a Sea-Doo Speed Tie. The GTI rider can organize his gear in the removable Storage Tray, and the GTX touring riders can protect their watercraft while moored with Snap-in Fenders.

Journey TO NEW DESTINATIONS

TORONTO *Canada*

Toronto is as diverse a city as you will find anywhere in North America. Diverse in the people, the cultures, the land, and the activities enjoyed, including the ways one can enjoy a Sea-Doo watercraft. With over 2.6 million people, Canada's most populated city, and Ontario's capital, is certain to have a few people who share the same passions and this is why TorontoPWC.com was formed.

Two friends who love the Sea-Doo Life set out to organize a watercraft community where people who are new to riding in the Toronto area can meet others with similar interests and learn about the diverse riding opportunities Lake Ontario provides. Group rides are common as all participants share their experiences as they teach and learn while exploring the interesting sights of this great lake city.

Toronto is a boating mecca and is perhaps better enjoyed by Sea-Doo as access to unique waterside points of interest are more accessible by watercraft. Rides venture from Toronto's inner harbor to the shallows where old shipwrecks can be explored up close and picnics can be enjoyed in the shadows of the cliffs at Bluffs Park Beach. Experienced riders can challenge the currents of the Niagara River after a run across the west end of the lake or enjoy a wake session in one of the coves near Scarborough. Now matter what your riding interest the Toronto PWC community is there to join you.

FOR MORE INFORMATION

Toronto Riding / www.torontopwc.com

Known as the music city, Nashville offers a variety of watercraft riding experiences to turn up the volume on fun. With a major river winding around the city and two lakes with-in 20-minutes of downtown, the riding options are as plentiful as the live bands on Broadway Street on a Saturday night.

Nashville is no longer a sleepy country music depot but a budding hip city with plenty to do on land and water. Old Hickory Lake is a manmade reservoir residing on the upper east side of the city that feeds into the Cumberland River and hosts numerous marinas and waterside restaurants.

Recreational boaters can access the river through the Old Hickory Lock that will lower boats roughly 65' before the massive gates open to the Cumberland.

From the dam, the river meanders 18.5 km (11.5 mile) through the Tennessee hills to downtown and beyond, eventually teeing into the Ohio River. Along the way there is plenty of natural scenery, historic houses and a chance of passing the General Jackson, the 1000 passenger, paddle-driven showboat that calls Nashville home. If you prefer the tranquility of tree lain shorelines take a ride on Percy Priest Lake, another man-made reservoir that is managed by the Army Corp of Engineers where no houses of businesses touch the lake providing a very personal experience on the water.

Go to Nashville soon and you will experience the renaissance of Nashville at its peak, but visit it before everybody finds out about this secret treasure.

NASHVILLE *Tennessee*

Riding a Sea-Doo watercraft provides you a freedom you can only experience by being on the water. Places you may have seen many times before become different and new as the view from behind the handlebars provides a completely different perspective. We share four unique destinations and provide insight on how to explore a new side of each from the water riding a Sea-Doo watercraft.

Some of the best riding experiences are those that aren't common but developed by true enthusiasts. Croatia may not be the first place in Europe you may think of as a hotbed for epic Sea-Doo experiences but with 5835 km (3625 miles) of coastline on the Mediterranean Sea there are plenty of new experiences around every island. Riders can experience the water on their own or if they prefer to try a designed ride there is the Trophee Des Îles in Croatia – an unforgettable adventure by GPS.

Croatian Sea-Doo riders know a bit about covering calculated distances as the reigning world record holder for greatest distance travelled on a watercraft in a 24-hour period is Croatian Ivan Otulic, who rode his Sea-Doo GTX Limited iS 260 1,641.43 km

(1,019.94 miles) in 2009. The Trophee Des Îles also offers a calculated ride, although in a much more relaxed manner. On this ride the fun isn't squeezed into 24 hours but spread over multiple days with a new adventure coming with every sunrise.

The ride covers 200 km (125-miles) in the Dalmatia region between the beautiful islands of Krk, Cres, Rab, and others. Tour riders explore the breathtaking scenery in this part of Croatia with a different stage every day and are welcomed every afternoon to luxury accommodations in a seafront hotel. These types of rides will certainly provide memories of a lifetime.

FOR MORE INFORMATION

Trophee Des Îles / traveladventures@brp.com

TROPHÉE DES ÎLES *Croatia*

ANGRA DOS REIS *Brazil*

For those looking for an island getaway, the Angra dos Reis area of Brazil has an island for everyday of the year as it includes 365 offshore islands in this tropical territory located on the southern part of Rio do Janeiro state. The surroundings of Angra dos Reis are ideal for Sea-Doo touring, as they are quiet, calm waters among the beautiful islands and beaches yet close enough to civilization to feel completely secure. This is not to say you can't enjoy this experience with others.

The local BRP dealers organize numerous rides during the year such as a multiple day ride during the Corpus Christi holiday (June 4-7) in which they lead a ride of 60+ Sea-Doo riders. The group is based at a four-star waterfront hotel in Mangaratiba that provides easy access to the water and includes delicious meals, live music

and marina services. The ride includes a tour of places such as Heaven Bag, Blue Lagoon and Dentist Beach in Big Island, Island of boots, Caras Island and Frade Beach.

Such rides in Brazil have become tradition as personal watercraft riding is anything but personal and is enjoyed together by families and all lovers of watersports. These group rides exemplify the Sea-Doo life that includes incredible on-water experiences that are also enjoyed on land with others sharing the same passions. The Angra Dos Reis waters offer something for everybody and enough islands to experience something new every ride.

YUASA AUTOMATIC 1 AMP BATTERY CHARGER

- Keeps your battery charged and ready to ride.
- Hook it up - plug it in - charge.
- Includes adapter and clips.
- 3-stage charge cycle switches automatically to maintenance mode.
- Easy-to-read 3-color LED charge monitor.
- Built-in overcharge prevention.

529036307
\$41.99

IMPELLERS

• High performance impellers designed specifically to maximize your Sea-Doo watercraft and boat performance.

See your certified BRP dealer about matching the right parts to your PWC.

SACRIFICIAL ANODES

- Sacrificial anodes are specifically designed to protect parts of your personal watercraft that are underwater from galvanic corrosion.
- Like the name implies, they essentially "sacrifice" themselves by absorbing the electrochemical process of corrosion to prevent metal components like the impeller, jet pump nozzle or engine from being "eaten away" instead. Galvanic corrosion can cause major damage if not controlled. Inspect your sacrificial anode at least once a month.
- Replace it when it is 50% depleted.

WEAR RING

- Simple, cost effective way to keep the pump system operating like new.
- Restores tight clearance to your impeller.
- Reduces cavitation and recovers the performance lost caused by a worn ring.

See your certified BRP dealer about matching the right parts to your PWC.

NGK® SPARK PLUGS

• BRP dealers carry the full line of premium NGK spark plugs for Sea-Doo watercraft.

MAINTENANCE TIPS TO HELP KEEP YOUR SEA-DOO LIKE NEW

1

FUEL SYSTEM MAINTENANCE

Purchase fuel from busier fuel stations to ensure you fill up with the freshest fuel possible.

Control the inherent moisture problems today's Ethanol-blended fuels can cause by adding periodically fuel treatments. That will protect against corrosion, stabilize fuel to fight oxidation and fuel system deposits.

Avoid using fuel system products containing alcohol. These products can raise the fuel alcohol content to levels greater than standard E10.

XPS CARBON FREE FUEL TREATMENT P. 64

2

KEEP IT CLEAN AND PRISTINE

The water you ride in may contain impurities that can build up on the exterior, taking away the finish of your Sea-Doo watercraft. Road grime can also build up on your watercraft while trailering that could damage various surface materials.

Be sure to wash the exterior, the storage areas and engine compartments after your ride.

XPS BOAT & PWC CLEANING
AND DETAILING KIT P. 63

3

CORROSION PREVENTION

In addition to cleaning your watercraft after riding with soapy fresh water, salt-water riders can use salt dispersion products such as Salt-Away¹ to further prevent salt accumulation and corrosion.

After cleaning and drying your watercraft, use a water dispersion product such as XPS Lube on all metallic parts, electrical connectors and moving parts to minimize water collection and corrosion.

XPS LUBE P. 64
SALT-AWAY P. 57

4

STORING YOUR WATERCRAFT

When storing your watercraft for more than 6 weeks, we recommend you to use XPS Fuel Stabilizer to protect your PWC against fuel contamination, residue build-up and prevent phase separation over time.

Change your engine oil and filter to maximize corrosion protection and ensure durability and reliability.

Remove your watercraft battery and use a Yuasa Charger to keep it totally charged and ensure no load is connected to it over months of non-use.

XPS FUEL STABILIZER P. 64
XPS 4-STROKE OIL CHANGE KIT P. 62
YUASA AUTOMATIC 1 AMP BATTERY CHARGER P. 60

YOU WERE MADE FOR YOUR SEA-DOO PWC. SO WAS XPS ENGINE OIL.

You expect your Sea-Doo watercraft to slice through countless miles of that irresistible blue, splashing up as much wet, wild fun as you can handle. It has never let you down, and it never will. So choose XPS Engine Oil and return the favor.

Rotax engines offer power, performance and a durability that's unmatched – so choose the oil they deserve, one that delivers optimum results at high temperature extremes while still improving mileage. It's reliable, provides consistent lubrication, and is tested and certified by BRP engineers specifically for use in BRP vehicles.

ENGINE OILS

XPS 4-STROKE SYNTHETIC OIL

- Specifically formulated and BRP-engineer certified for use in your Sea-Doo watercraft.
- Premium synthetic base with custom additives provides unmatched lubrication and enhanced corrosion protection.
- Also provides better cold start protection.

1 quart (946 ml) 1 US gallon (3.785 L)
293600112 293600115

XPS 4-STROKE SYNTHETIC BLEND OIL

- Specifically formulated and BRP-engineer certified for use in your Sea-Doo watercraft.
- Synthetic blend with custom additives provides enhanced corrosion protection.

1 quart (946 ml) 1 US gallon (3.785 L)
293600121 293600122

XPS 2-STROKE SYNTHETIC OIL

- The ultimate in protection, this 2-stroke fully synthetic injection oil was developed specifically for our highest performance engines.
- Full synthetic XPS has extra detergency to provide optimum engine cleanliness and anti-wear additives for longer engine life.
- This high performance, low smoke, low odor formula is the very best product for Sea-Doo watercraft Rotax RF1 or DI 2-stroke engines.

1 quart (946 ml) 1 US gallon (3.785 L)
293600132 293600133

XPS 2-STROKE MINERAL OIL

- Formulated and developed to work specifically in Sea-Doo watercraft equipped with Rotax carbureted 2-stroke engines.
- Offers optimal lubrication.
- Can also be used as pre-mix.

1 quart (946 ml) 1 US gallon (3.785 L)
293600117 293600118

XPS 4-STROKE OIL CHANGE KIT

- Ultra-convenient "all-in-one" oil change kit saves time and money.
- Includes XPS Synthetic Blend Oil, oil filter, o-rings.

CLEANERS

XPS MICROFIBER TOWELS

- The latest in high-quality detailing towels.
- Made up of extremely fine fibers, their soft surface have been perfected for drying and polishing boats, watercrafts or any shiny finish.
- They are so absorbent they hold up to seven times their weight in water.
- Machine washable means they can be used over and over again.
- Pack of 2.

XPS Boat & PWC Wash & Wax • 32 oz. (946 ml)	219701711	\$10.99

XPS GOES FAR.

XPS - Think of it as your first line of defense against engine and vehicle component wear. There's an XPS product that cleans, others that lubricate or stabilize, some that cool and yet others that extend life. Some do only one, others more, but whatever they do they do exceptionally well. And they all provide complete peace of mind where it matters most. Out there.

AFTER ALL, YOU ONLY GET OUT WHAT YOU PUT IN... IF YOU'RE CHOOSING ANYTHING OTHER THAN XPS, YOU'RE NOT PUTTING INTO YOUR SEA-DOO WATERCRAFT WHAT YOU EXPECT TO GET OUT OF IT. THE ABSOLUTE BEST.

XPS. MORE THAN JUST OIL.

MAINTENANCE PRODUCTS

**XPS CARBON FREE FUEL TREATMENT**

- Prevents problems inherent in Ethanol-blended fuels.
- Extends storage life of fuel up to 12 months.
- Cleans fuel system while preventing corrosion and oxidation.
- Helps keep piston rings, valves and combustion chamber carbon-free to prevent difficult starting and restore peak performance.

219702533 • 12 oz. (355 ml)

\$8.99**XPS PRE-MIXED ANTIFREEZE/COOLANT**

- Pre-mixed, ready to use.
- Exceptional 5-year extended service life.
- Provides superior heat transfer, protection against corrosion and cavitation.
- Specifically formulated for use in your Sea-Doo vehicle.
- Ideal as a replacement coolant in vehicles that generally use 2-year antifreeze/coolant (green).

1 quart (946 ml)

219702685 • 5 years (orange)

\$9.99**XPS STORAGE OIL**

- This specialty oil is a must when storing your watercraft away for extended periods.
- Specially formulated to protect the engine's internal parts from the hazards of rust and corrosion due to condensation during storage or prolonged periods of non-use.

413711900 • 12 oz. (350 g)

\$9.99**XPS LUBE**

- Multipurpose lubricant.
- Prevents rust, corrosion and moisture intrusion.
- Contains active extreme-pressure additives which provide excellent lubrication and antiwear properties.
- Comes in a spray that works upside down.

293600016 • 14 oz. (400 g)

\$11.99**XPS FUEL STABILIZER**

- Extends fuel life by preventing fuel breakdown during storage.
- Helps prevent difficult starting, throttle hesitation and poor performance.
- Anti-corrosive, anti-oxidant formula protects fuel system and engine.
- Prevents problems inherent in Ethanol-blended fuels.

413408601 • 8 oz. fl (236 ml)

\$9.99**XPS JET PUMP OIL**

Helps maintain the life of your Sea-Doo watercraft jet pump.

293600011 • 6 oz. (170 g)

\$16.99**XPS JET PUMP BEARING GREASE**

- Formulated for high performance in extreme conditions.
- Reduces the effects of wear, rust, oxidation, and contamination while providing excellent lubricity for moving parts.

293550032 • 3.9 oz. (110 g)

\$9.99**XPS SYNTHETIC GREASE**

- Recommended for marine applications.
- This synthetic grease provides the best wear protection and water resistance available.

293550010 • 14 oz. (400 g)

\$22.99**TRIPLE-GUARD® MARINE GREASE**

- This tough grease that stays in place and is unaffected by vibration, salt water or cold temperatures.
- Reformulated for high water resistance and improved adhesion to metal.
- Won't swell seals, packing or o-rings.
- Totally waterproof to prevent water wash-off.

296000329 • 8 oz. (227 g)

\$6.99**ANTI-CORROSION SPRAY**

- Heavy, waxy coating specifically designed to protect your engine from rust and corrosion.
- Highly effective against corrosion caused by salt water and salt spray.

219700304 • 11 oz. (312 g)

\$11.99

RIDE IT HARD. TREAT IT RIGHT.

**XPS. THE ONLY OIL ENGINEERED BY BRP
FOR THE LEVEL OF PERFORMANCE YOU EXPECT.**

THE WORLD IS OUR PLAYGROUND

Nothing is more valuable than your playtime. That is why BRP is dedicated to continually finding new and better ways to help you enjoy your favorite powersports. From snow to water to both on- and off-road fun, our passion for adventure fuels the innovations that result in the ultimate powersports experience for our customers. We value the land and water we play on and are committed to protecting it. Our desire to thrill is paired with an emphasis on rider responsibility, placing personal safety above all else. So that each outing can be the most enjoyable, memorable and thrilling experience possible. Because your free time should always be your best time.
